

March 20, 2010

Washington, DC – Rep. Ben Ray Luján issued the following statement on the passing of former Interior Secretary Stewart Udall.

“I’m deeply saddened by the passing of former Interior Secretary Stewart Udall,” said Rep. Luján. “Secretary Udall was a great American and a great New Mexican whose legacy is visible throughout our country. Throughout his long and distinguished career in public service, Secretary Udall worked tirelessly to stand up for the people whose voices were otherwise not heard and to protect resources that will serve us for years to come. Secretary Udall’s compassion and pragmatism are a model for all, and his actions left a legacy that we will remember and honor for generations. My thoughts and prayers are with Secretary Udall’s family at this difficult time.”
